

NEW COURSE

Companion

Animal

Groomer

Overview

Step into the world of professional pet care with our Companion Animal Groomer – Basic Course, specially designed for beginners and pet enthusiasts who want to build strong foundational skills in dog and cat grooming.

This course introduces you to the core techniques of safe, hygienic, and stress-free grooming, making you confident in handling companion animals with care and professionalism.

Course Highlights

Bathing Techniques

Learn proper pre-bath checks, coat evaluation, shampooing, conditioning, and drying methods suitable for different breeds.

Nail Trimming

Understand safe nail-clipping techniques, handling tools, and stress-free restraint practices.

Animal Handling & Safety

Basics of pet behavior, body language, and safe handling during grooming.

Sanitary Clipping

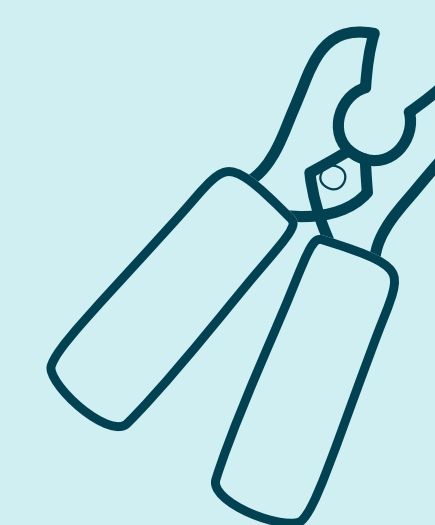

Basics of trimming the under paw hair and sanitary parts to ensure all round hygiene of the pet.

Ear Cleaning

Learn essential ear hygiene, identification of common issues, and safe cleaning protocols.

Hygiene & Equipment Care

Introduction to grooming tools, sanitation practices, & workspace management.

Who can Join?

Aspiring professionals looking
to enter the grooming and
pet-care industry

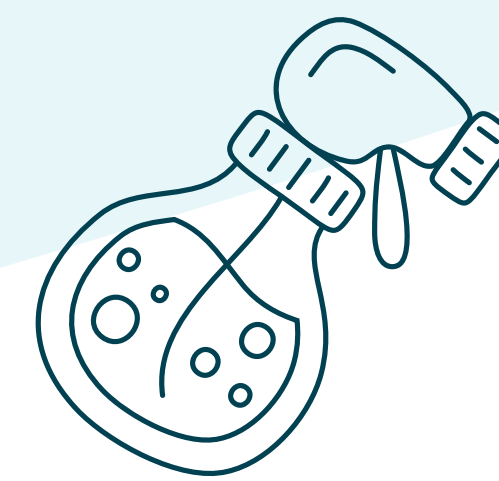

Animal lovers
wanting hands-on
practical skills

Beginners interested
in grooming

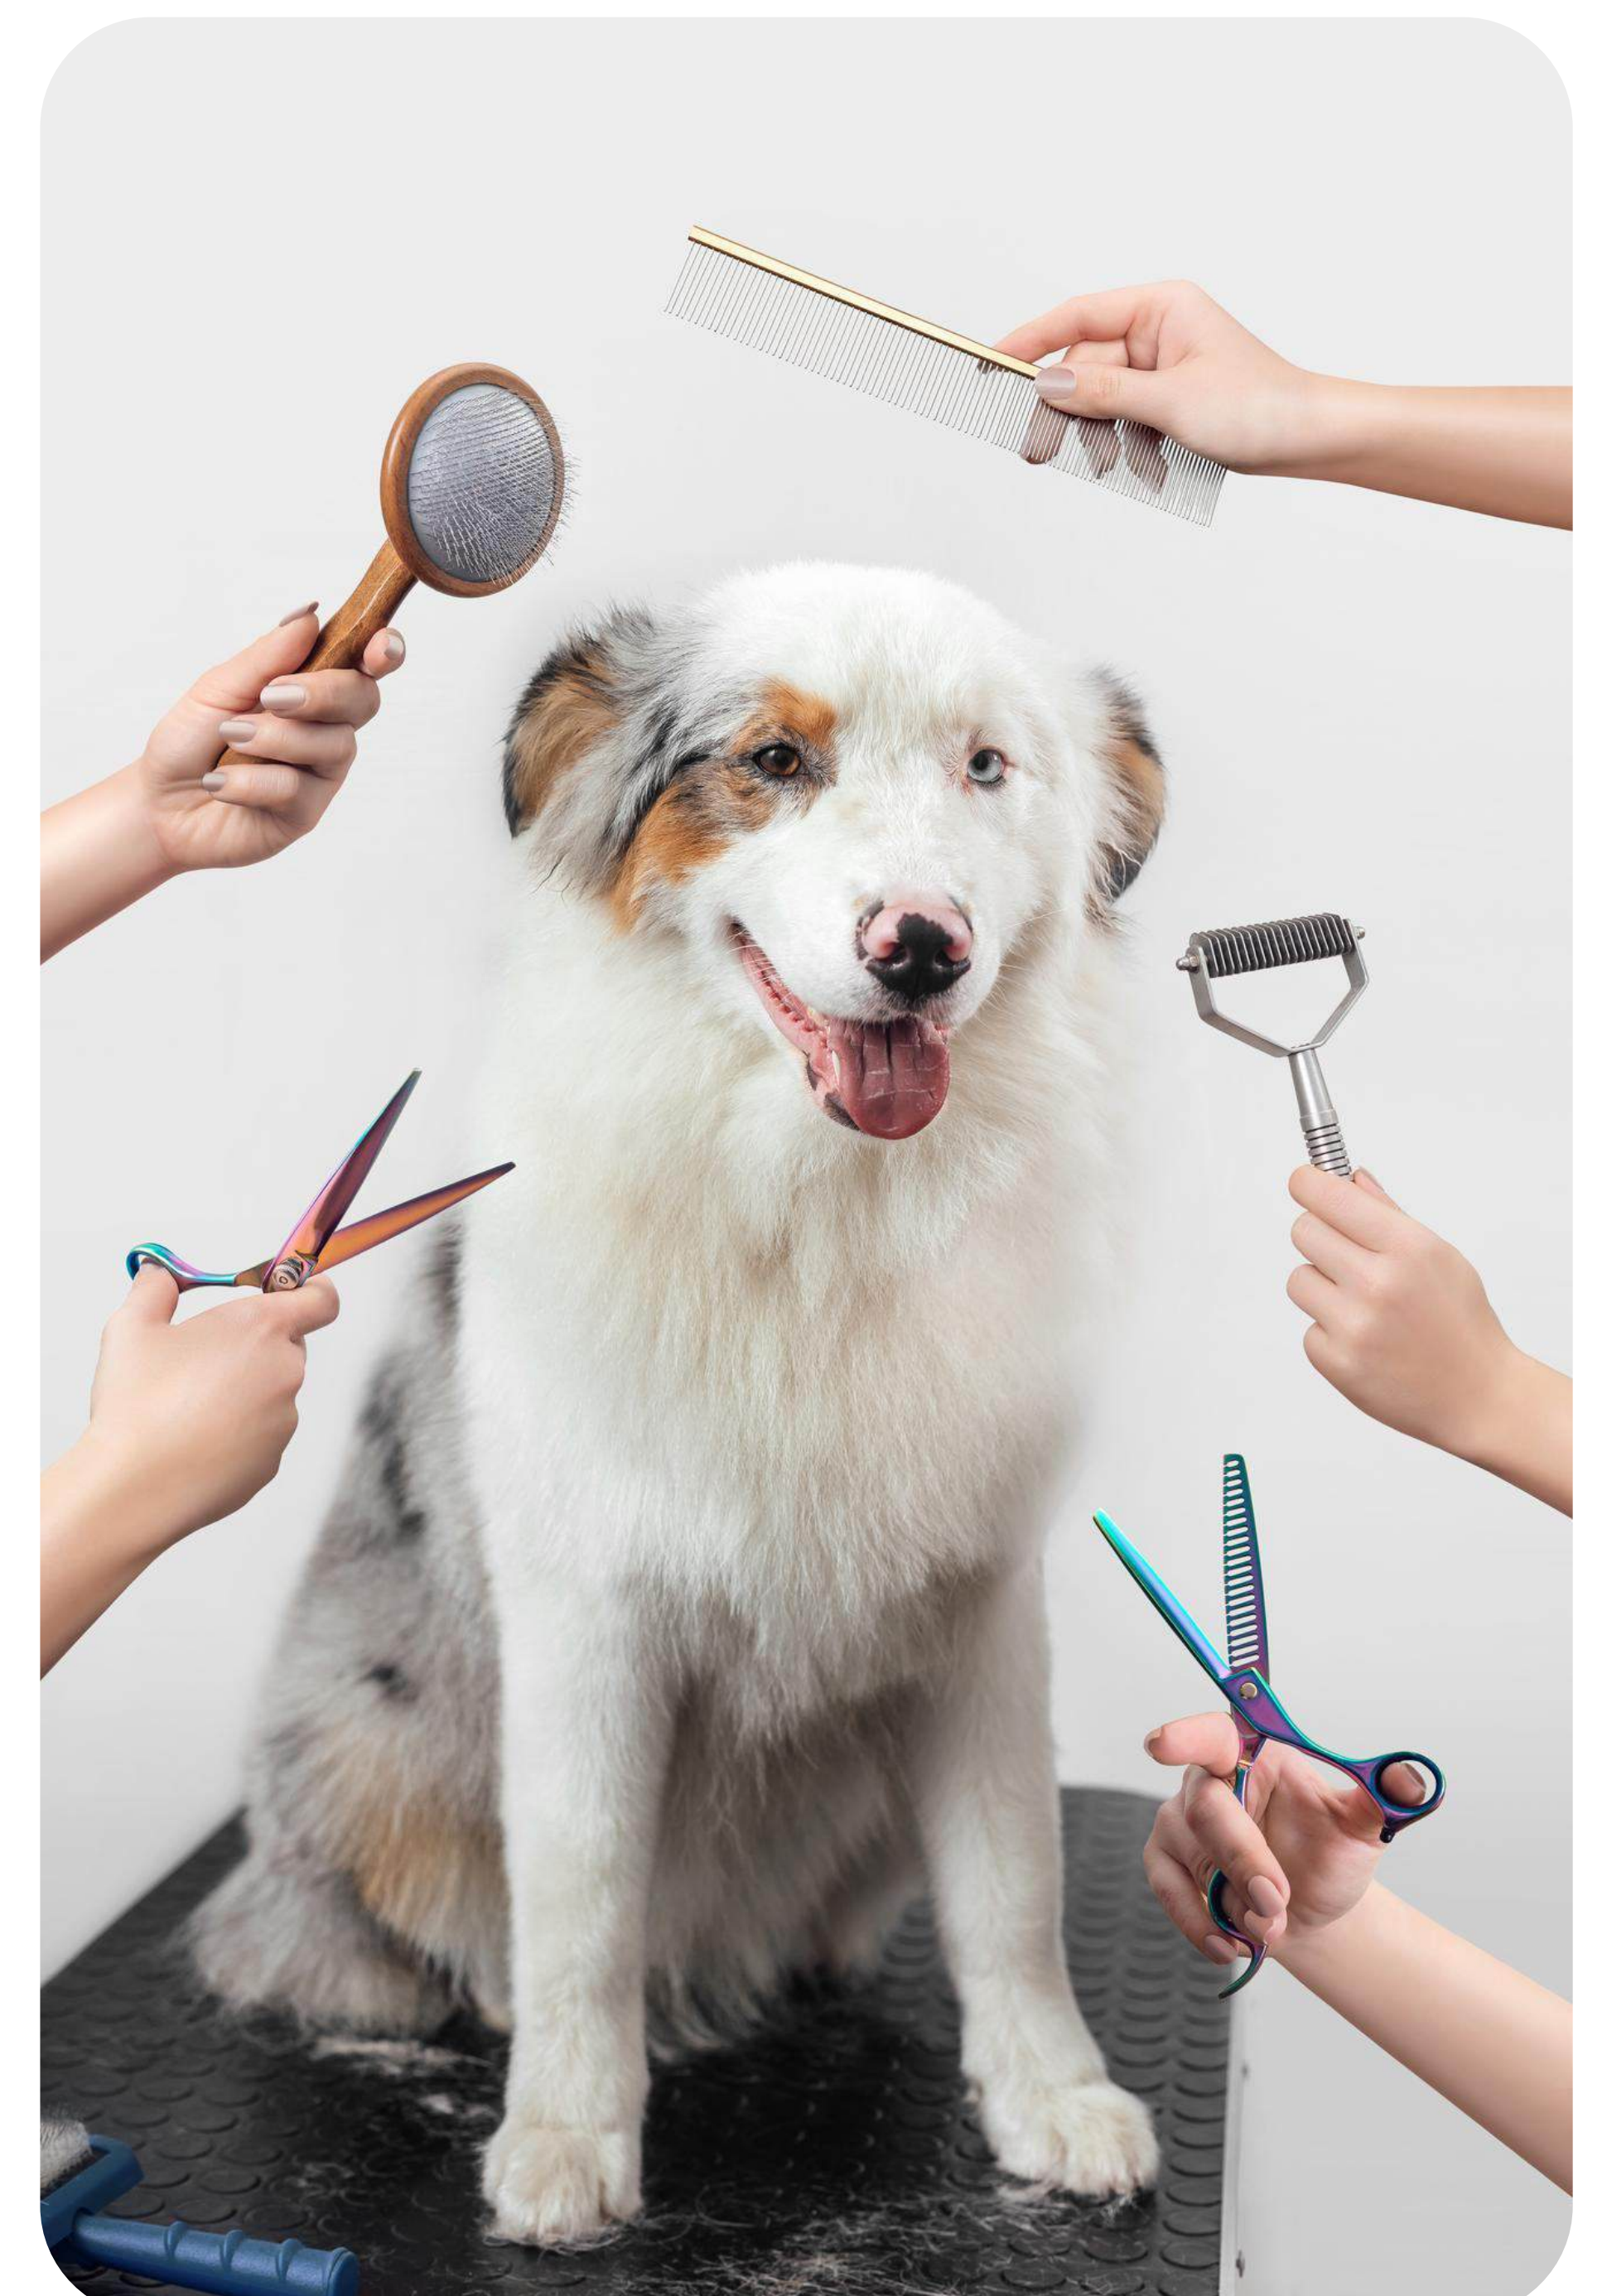

Pet owners

Outcome

By the end of the course, learners will be equipped with the essential grooming skills required to maintain the hygiene and comfort of dogs and cats. This certification opens the door to further advanced grooming levels and professional opportunities.

About Us

Founded in 2021 by **Anil Garg** and officially incorporated as a Section 8 Company in 2024, Life Science Education Trust is **India's pioneering institute** focused on animal care management. The institute supports students in transforming their passion for animals into meaningful careers through a strong combination of theoretical learning and hands-on practical training.

At Life Science Educational Trust, we believe that every creature, big or small, deserves our care and attention. Our programs suit both beginners and advanced learners, covering animal behaviour, nutrition, health care, conservation, and ethical animal management. Discover your passion, unleash your potential, and let LSeT be your gateway to a rewarding career in animal care and management.
