Kids Lead the Way as They Guide
Parents Through the Zoo & Origins

Learn Together Through Activities

Share & Reflect Together

Day 05

About Us

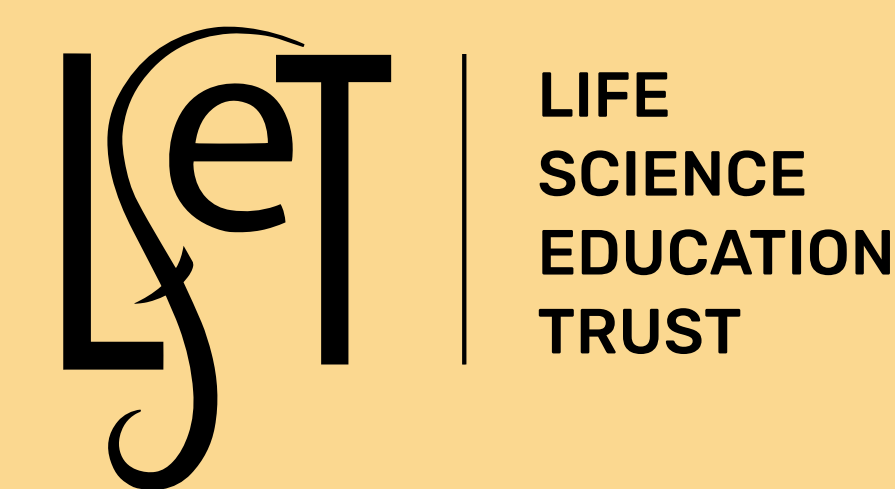

Founded in 2021 by **Anil Garg** and officially incorporated as a Section 8 Company in 2024, Life Science Education Trust is **India's pioneering institute** focused on animal care management. The institute supports students in transforming their passion for animals into meaningful careers through a strong combination of theoretical learning and hands-on practical training.

At Life Science Educational Trust, we believe that every creature, big or small, deserves our care and attention. Our programs suit both beginners and advanced learners, covering animal behaviour, nutrition, health care, conservation, and ethical animal management. Discover your passion, unleash your potential, and let LSeT be your gateway to a rewarding career in animal care and management.
